Position: Prudential Risk Requirements Management Officer – Risk Management Unit – Nicosia

Main Duties and Responsibilities:

We are currently looking to recruit a CRR/ CRD expert to join a newly established and fast growing Prudential Risk Requirements Department. The position will report directly to the Head of Prudential Risk Requirements Department and will interact with the CRO and CCB's Senior Management Team.

- Keep abreast of developments in CRR/ CRD IV & BRRD regulatory framework and EBA's single rule book
- Analyse and transpose regulatory requirements into bank policies
- Perform QIS of proposed EBA ITS
- Advise on the impact of BIS standards' revisions
- Monitoring and Reporting on the evolution of risk exposures and Group's Capital Adequacy
- Participate in designing, developing and testing ICAAP and Stress Test Methodologies
- Participate in the preparation and updating of the Bank's Recovery Plan and Resolution Planning.
- Quality Assurance over COREP and Pillar III disclosures
- Implement processes and procedures to ensure the smooth operation of the prudential risk requirement department
- Assess, analyse and interpret financial data information

Profile of the ideal candidate:

- Bachelor's and Master's degree in Law/Risk Management/ Finance/ Economics or other relevant field
- **3 years** of working experience in a similar position within a banking institution or advisory firm.
- Experience with BBRD requirements transposition and regulatory CVA will be considered an advantage
- Excellent critical thinking, strong data analytical skills and complex problem solving
- Excellent interpersonal skills and ability to work well in a team
- Strong verbal and written communication skills
- Good organizational skills, excellent attention to detail and accuracy
- Ability to work without supervision and be self-motivated in a proactive manner
- Confidence in working under pressure
- Excellent knowledge of Greek and English
- Computer literate
